Thank you for your recent enquiry regarding employment at **Boston Dynamics**. We appreciate your interest, and are reviewing your qualifications against our current openings.

Due to the volume of resumes that we receive, we will only contact applicants that meet our current need. If we do not have an immediate match, we will keep your resume on file for future consideration. Should employment opportunities become available that match your qualifications and skills, we will contact you at that time.

Again, thank you for your interest, and best wishes.

Dear Mr. Sriranjan Rasakatla,

Thank you for your application for a research position in our company.

Your resume was forwarded to concerned laboratories for consideration, and we have received their reply just now.

We regret very much to inform you that we found a difficulty in accepting your wishes this time, although they highly appreciate your research work. This is because of the difference in specialty.

Thank you again for your interest in our research work, and best wishes for your success.

Best regards,

Itsuro Suzuki

Sriranjan,

Thank you for your interest in exploring co-op opportunities at Toyota Motor Engineering & Manufacturing North America, Inc. (TEMA). We are pleased to acknowledge receipt of your resume.

Your credentials will be carefully reviewed and matched with our current openings. If you are not contacted within the next 2 weeks you can assume that a suitable match does not exist at this time and your resume will remain in our active files for a period of twelve months for future considerations.

Again, thank you for your interest in employment opportunities at TEMA.

Sincerely,

Toyota Technical Center
Co-op Program Team

Hello,

I am interested in building robots. I want to learn more. I have sent you my Thesis which tells in detail about the systems that I have built. I am building few more robots. I will send you the demo videos soon. Hope I get to learn more about building robots at your place. I believe your company has done a lot of work in building robots (humanoids), people carrying robots and even car technologies. I am interested in building such systems using

Shadow robotics

 **admin admin@shadowrobot.com** Jun 14 ☆

Dear Sriranjjan,

Thank you very much for your interest in our company. Being a small establishment, the placements are unpaid, and the applicant will be responsible for finding accommodation and for obtaining a visa.

If accepted, we're happy to provide you with a work area, a project and our expertise. There's also a 12 week minimum and we require that the student applying is already enrolled in a Higher Education course.

If we were to consider you for internship, can you also inform us when you would like to start and the length of the practice, keeping in mind you must apply a few months in advance.

Look forward to hearing from you.

All the best,
Denise Lalonde

Dear Tilak,

Thank you for your recent inquiry regarding the career opportunities at Robert Bosch LLC. We evaluated many qualified applicants and were left with a very difficult decision. Although we are not selecting you for an interview at this time, we will retain your resume on file for at least three months and in the event a suitable position becomes available we will reconsider your credentials at that time. Please check back on our web site at www.Bosch.com for updates on our current positions.

Best Regards / Mit freundlichen Grüßen,

Shauna Zimmerman
